Capability

CleanKings Cleaning Services proposes a robust contractual framework for the delivery of the Cleaning Services that offers a low-risk and reliable project delivery structure. This framework has been made possible by our previous experience in delivering large scale hospitality venues cleaning operations. Our proposed structure provides clarity, credibility, and clear lines of accountability to all scopes. We have adapted our structure in response to various challenges faced while delivering large leisure and entertainment venue cleaning contracts.

Our ability to respond quickly and access to resources allowed us to overcome these challenges and deliver effectively. This flexibility, resilience and focus on optimising performance put us in a unique position for the Cleaning Services contract.

- Our dispute resolution process is fine-tuned.
- Our claim minimisation procedure is streamlined.
- Our issues management protocol is disciplined; and
- Our delivery capability is robust.
